### **EDUCATION-**

#### **San Jose State University, San Jose**

September 2022 - June 2024

I am currently a junior at San Jose State University and I am enrolled in the Digital Media Arts program. This major/program is a multidisciplinary degree offering a digital art and design curriculum in areas such as computer graphics, web development, programming and computer games.

#### **Sacramento City College, Sacramento**

September 2020 - June 2022

I attended Sacramento City College to complete my first 60 units of college education. I completed my general education credits and began focusing on design and digital art before I transferred.

#### **C.K. McClatchy High School, Sacramento**

September 2016 - June 2020

I attended C.K. McClatchy High School in the HISP program. The HISP program is a rigorous literature and social studies course/program that prepared me for success in both college and work environments.

### **SKILLS-**

#### **Computer Literacy:**

Adobe Software:  
Premiere Pro, Photoshop, Illustrator, Acrobat and InDesign.

Computer Software:  
PC Microsoft, Google, Apple

Computer Languages:  
Little amounts of C++, Javascript

I am a hard worker who is determined to go above and beyond for the challenges set in front of me. I am also a team player. I excel in cooperating with others. I am willing and eager to learn valuable skills that will help me grow and help me with my career/life.

My technical skills include knowledge in computer science. I built my own home computer utilizing research to buy all the necessary parts and assembled it myself.

I am also very determined and listen well due to my athletic experience. I played jv and varsity soccer and have been involved in this team sport since the age of six.. I have played other sports casually like baseball, basketball, volleyball, and skiing. Being on a team and following the coach's instruction has taught me to listen to direction and follow the rules.
